

ASSEMBLING YOUR OASIS SOFT SOCIAL BOOTH

INCLUDED IN YOUR HARDWARE KIT

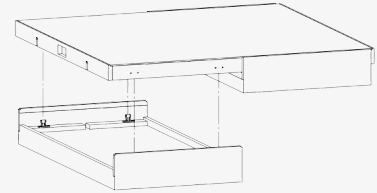

- For units with NO REAR WALL:
 - (8) 1/4-20 x 1.5" PPH machine screws
- For units WITH A REAR WALL:
 - (20) 1/4-20 x 2" PPH machine screws
 - (2) metal brackets
- For units including tables, appropriate brackets and screws

WHAT YOU'LL NEED

- 2 people
- Screw gun with #2 Phillips bit
- 6' Ladder

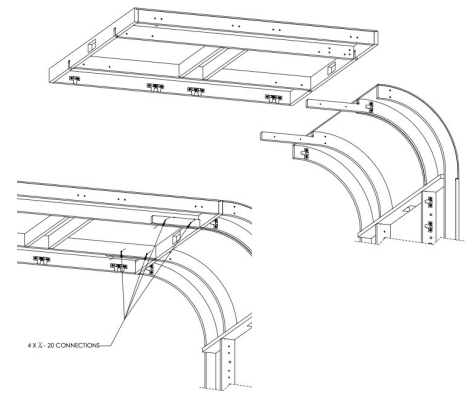

STEP 1

- For units WITH NO REAR WALL, remove upholstered panels/cushions from the ceiling section. Cushions are attached using Keku clips and should snap off easily.
- For units WITH A REAR WALL, remove ALL upholstered panels/cushions from both the ceiling and the two side wall sections.

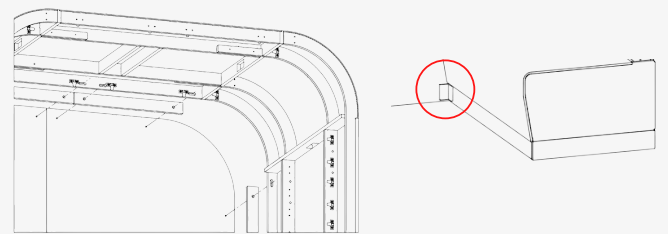

STEP 2

- Position one of the 2 side panels in its intended position in your space.
- Attach the ceiling to this section by sliding the 2 slots in the ceiling panel over the 2 wood tenons protruding from the side panel.
- Screw together using (4) 1/4-20 PPH machine screws in the holes on the tenon.
- Slide the 2 wood tenons of the second side into the slots in the ceiling panel.
- Screw the second side together using (4) 1/4-20 PPH machine screws in the holes on the tenon
- If your unit has NO REAR WALL, skip to Step 4

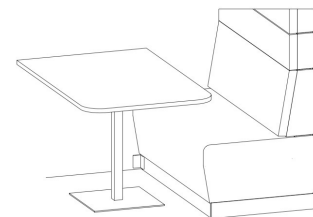

STEP 3 (FOR UNITS WITH REAR WALL ONLY)

- Use the (12) 1/4-20 PPH Machine Screws provided to secure the rear wall to the 2 side sections and ceiling of the unit, starting with the holes in the ceiling and moving down and around the unit. Include the spacers provided at each attachment point
- Place the 2 metal brackets in position at the inside base of the sofas, lining the holes in the bracket up with the pre-drilled holes in the base.

STEP 4 (FOR UNITS WITH TABLES)

- NO REAR WALL: screw the top to the pedestal base using the pre-drilled holes. Position the table in the center of the unit.
- WITH REAR WALL: screw the post leg to the table using the predrilled holes. Position the table in the center of the wall. Use the brackets and screws provided to attach the table to the wall.

STEP 5

- Snap all cushions back into place by lining them up with the clips on the frame and pushing firmly into place.
