## Installation Times for Booths & Pods

### Keep in mind:

- Installation times will decrease steadily as your team gains experience
- If you are installing multiple units of the same type at one time, there will be time savings! For example, 1 Duo Pod takes 2 people 3 hours, 2 Duo Pods will take them 4-5 hours, and they can probably install 4 Duo Pods in an 8 hour day.

Linear Phone Booth: 2 people x 3 hours

Linear Duo Pod: 2 people x 3 hours

Linear Team Pod: 2 people x 4 hours

Linear Team Booth: 2 people x 4 hours
