

A-ZONE Collaboration Bench

NOVUS
COLLECTION

Workspace Coordination

Using the same materials, manufacturing processes and design concept, the A-Zone can be used as part of the Novus Collection or a stand-alone collaborative bench.

Design Aesthetics

A-frame end supports have been designed so all table options suite together in the same workspace.

Open or Privacy

Two sizes of mesh panels have been developed to provide the option of partially or fully closing the A-frame end supports for privacy and modern aesthetics.

Easy fit accessories

All accessories have been designed to easily hook on and off, securely fixing without tools, to quickly and easily change the style.

Biophilic workplace

Accessories include planters to bring biophilic properties into the work environment, helping to create a colorful workplace.

Utilising space

End frame wipe boards are available in ½ and full panel sizes to further assist with collaboration and team working.
